

URGENT INFORMATION

Nebraska BPA Presents...

“How To Survive The Summer of 2010”

Members & Non Members Are Invited...

Times are tough and this is not the time to worry about being a member or a non member (but membership does have many advantages). In times like this we all need to be thinking about increasing revenues, finding new customers, developing better programs and products to survive the challenging economic climate.

Bowling Marketing Super Hero Darin Spindler Will Present...

Darin Spindler will give you a 6 Step Action plan to combat the “Emerging New Economy” and even thrive! Darin will teach you some of his NO BS / No Holds Barred marketing strategies. Many don’t attend sessions like this because they say they are “TOO Busy” or the stuff they learn is great but they never implement any of it. To help you out Darin will share with you his personal Time Management techniques that you can use to find necessary time to implement the programs that will be presented. Darin recently won a prestigious marketing contest where he competed against over 1,000 of the top marketers in the world (many earning 7 or 8 figures a year online and offline). Darin won this contest because of his ability to implement and get things done! You will not want to miss this session.

Darin will also provide you with a NO brainer summer program that is almost 100% Done For You. You just need to unlock the doors and ring the register! Find out how over 500 bowling centers coast to coast improved youth bowling numbers, birthday party bookings, fundraising opportunities and added adult league bowlers from this great summer program.

Here’s The Best Part...

If you we’re going to hire Darin to do consulting work for your center for just one day you would need to invest nearly \$10,000.00 a day (Currently \$9,995.00). Plus, you’d need to travel to Green Bay, WI and pay for a hotel, meals, airfare, etc.

A top priority of the Nebraska BPA is to provide members with great information & programs, along with access to the best of the best when it comes to providing marketing information to your center. The Nebraska BPA is providing the “How To Survive The Summer of 2010” for FREE...yes FREE. At a very minimum you would typically have an investment of \$297 per center to attend a seminar presented by Darin. **There are no excuses not to attend this great event!**
